

# OOGWAY

Built in 2021

## CENTRAL ELECTRICAL STACK 1

- Two tiered electrical assembly in customized waterproof casing
- Dedicated diagnostic sensor stack
- State of the art navigation systems

## SUBSYSTEMS 2

- 3 camera setup for navigation and torpedoes
- Acoustics for frequency detection
- Modem for inter-vehicle communication

## FRAME 3

- In-house machined frame
- Modular design for rapid subsystem development and deployment
- Custom SLS printed Nylon 12 structural parts
